

## **School of Medicine Drupal Federation Governance Group**

---

The School of Medicine (SoM) Drupal Federation Governance Group is comprised of representatives from the stakeholders in the SoM Drupal Federation. It is chaired by SoM Office of Communications leadership and as such, reports the activities of the group to School of Medicine Administration and the Dean.

Members include representatives from the following units:

- SoM Office of Strategic Communications (SoM Comms)
- SoM Office of Academic Solutions and Information Systems (OASIS)
- Duke Health Technology Services (DHTS)
- Duke Web Services – Office of Information Technology (DWS-OIT)
- Chair of the SoM Web Advisory Council (WAC)

Charge

- Plan, implement and support the School of Medicine federated web infrastructure
- Plan and implement support systems for migration
- Plan and implement systems for training and supporting users
- Plan and implement systems for transparent and timely communication between federation users, the WAC and the Governance Group.
- Ensure the fiscal health of the federation and future developmental needs
- Evaluate requests for additional functionality from the WAC and implement where feasible
- Plan for future Drupal platforms and migrations
